

# ADVANCE NOTICE

## Recess/ Summer Course offerings

The University of Guyana wishes to advise that the Academic Board (on Thursday, June 18, 2020) made a decision to offer Summer courses from August to September 2020 on a prioritized basis.

Students who require no more than two courses to graduate this academic year will be prioritized, though courses for other students will be considered. Students will be able to register via the SRMS in the next few weeks. Further details will be communicated in a timely manner.

Students are reminded to keep checking the University's **official** sources (Website and SRMS) for updates.
